

Membership Guide Lines

Please take a few moments to answer the following questions to determine the best type of membership for you. (Skip this survey if you do not own a business or represent an organization):

Is your business privately held? (not publicly traded)

Y / N

Our business programs have been developed to serve local owners who are available to meet with us, and have autonomy to transform any and all aspects of their businesses toward greater sustainability. While we are not equipped to engage with national/international organizations, there are other good resources for those businesses including Businesses for Social Responsibility. Local managers of businesses that operate on a national/international scale are invited to participate in local business education and networking as Affiliate Business Members.

Do the business owners who have a controlling interest, totaling greater than 50% of the business ownership, live in Chelan, Douglas, Grant or Okanogan County?

Y / N

Similar to a home mortgage, you may have business financing that comes in the form of debt, equity, family trusts, or other innovative scenarios... but this question relates to whether or not the business owners who have responsibility for that financing reside in our region. Our intent is to support business owners who are pro-actively involved in this community.

Is your business registered in the state of Washington, with no corporate or national headquarters outside Chelan, Douglas, Grant or Okanogan Counties?

Y / N

We're a organization with local staff that understands the challenges faced by local business owners. There are other organizations better equipped to work on Corporate Social Responsibility with the decision-makers at businesses that operate (inter)nationally and are headquartered outside of our region. Here are some of those resources: CERES, Businesses for Social Responsibility, Social Venture Network. Local managers of businesses that operate on a national/international scale are invited to participate in local business education and networking as Affiliate Business Members.

Do you have full autonomy to make your own independent decisions regarding your unique business and it's purchasing, operations and distribution, as well as the name and look of your business?

Y / N

Our approach is based on reciprocity. We support local business owners in their stewardship of our community and in turn ask our community to support these businesses. By autonomy we mean the independent ability to choose local potatoes for the French fries, (rather than having to use what's shipped from a parent company), to change delivery methods to lessen the environmental impact of the business, to re-organize the ownership or profit-sharing structure of the business, or any other innovative idea a local owner has to strengthen our community or improve the health of our environment through their business decisions.

To be a Member of act LOCAL, live GREEN we ask that you take a moment to consider how you will do your part in helping our environment.

What Are You Doing ?

Please list three things you have done (or commit to do) to help our environment

Examples: Institute a recycling program, exchange chemical cleaners for organic ones, replaced light bulbs with CFL (energy efficient) ones, purchasing sustainable energy, adopt a road, etc.

Pledge

I pledge to do my part to support local businesses and to help our environment. I will take time to review the resources provided and make an effort to help as best I can.

I will review this program with my employees and friends and support the organization by encouraging others to also join.

I will proudly display the “act LOCAL, live GREEN” logo at my business and include it in marketing and advertising as appropriate.

I will act with integrity and honesty at all times. You can count on me.
